

# Metallic Paint

Polyvine's Metallic Paint offers deep and rich colours, and a sleek, shimmering finish that dries to a polished lustre.

Loved by decorative artists worldwide, the shimmering richness of classic metals creates a luxurious finish for both inside and out.

Our unique blend of fine metallic lustre particles and hard polymer has good brushing and spreading properties, giving an extra-hard, high-quality gloss finish.

Colours available: copper, antique gold, bright gold, pale gold, pewter, silver and pearl. (If you choose the pearl finish, add Polyvine's Acrylic Colourant to create a shimmering pastel colour of your choice).

## KEY FEATURES AND BENEFITS

Picture: Metallic paint

## AVAILABLE IN

Finishes: Silky sheen

Sizes: 500ml, 1L & 2L

## ADDITIONAL INFORMATION

Always apply to a test area before starting work.

Do not apply when rain is imminent.

Timbers containing high natural oils, e.g., Teak and Iroko, may inhibit drying and cause impaired adhesion.

Wiping the surface with methylated spirit will assist penetration.

Wear a suitable face mask if dry sanding.
